

IMPREZA WRX CLUB

MOTORSPORT PARTNER BENEFITS

JANUARY 2022

IMPREZA WRX CLUB

NEW SOUTH WALES

The Impreza WRX Club is a CAMS affiliated car club founded in 1998 by and for enthusiasts of all types of Subarus. Our membership vehicles are made up of the Impreza WRX and STi, the Legacy GT, Liberty RS, B4 and GT, a couple of Brumby utes, more recently the BRZs, Levorgs and our weekend warriors with their Forester GT and XT's: Turbo or Normally Aspirated; either is fine by us.

Our calendar is full of social events such as go karting, biking and Subaru launches, as well as social cruises which take us to places such as Wollombi and Kangaroo Valley.

For the racing enthusiasts we have a Supersprint calendar consisting of Championship rounds at Sydney Motorsport Park, Eastern Creek, Wakefield Park and other circuits throughout NSW.

For the sideways fans, we host Motorkhanas on the wet skid pan and dirt Khanacrosses. These form part of our motorkhana championship and are guaranteed to make our members smile.

We organise other events such as cruises, dyno days, technical sessions and new member information nights. Three subsidised Driver Training days occur each year for members looking for help to get started in Motorsport or just learn valuable car control skills that may save their life on the road. These valuable days are subsidised heavily by the generous support of our club partners.

2018 marked the 20th anniversary of the Club and we keep going from strength to strength.

BECOMING A CLUB PARTNER

As a not-for-profit community club, the Impreza WRX Club Inc is unable to accept conventional sponsorship opportunities, rather, we rely on the support of a carefully selected group of strategically aligned businesses (like yours) to help us with the costs of successfully running our motorsport events and the acquisition and maintenance of the equipment needed.

Our club has close to 500 current members, who are active participants on our member only forum, on social media, in person at motorsport and social events and the recipients of regular emails from the Club. Without exception, all our members are car, motorsport and specifically, Subaru enthusiasts. This provides outstanding targeted marketing opportunities for our Motorsport Partners.
