# - Steeet tyre handicap 1.319 sec

Hosted by WRX - 86 runners plus 13 WMDP drivers – 46 from our club - 53% of the entrants

A fantastic turn out by our club with a number of first time supersprinters.

Day was fine and cold with little wind so day felt good - good conditions for sprinting.

A few members had issues that limited their laps. Jono Graham split a turbo pipe and borrowed one from Michael Walker's car (which he had to put back before Michael could drive home), Corey Cooke had an engine fire - hope damage is not too bad (Michael Whitfield towed Corey's car home), Steve Thuaux had a front wheel bearing & turbo failure plus a loose exhaust (Jono Graham took Steve & Nathan home and went down on Monday with his trailer to bring back their car).
